At Orange Seed Initiative, our vision is to create, inspire and empower the next generation of digital content creators in Africa. Through our objective to yearly train 1000 youth, we aspire to bridge the knowledge and skill gap in digital content creation whilst building team spirit, confidence and the right attitude amongst youth.

Welcome to Orange Seed

Dear Prospective Student,

Thank you for showing interest or applying for our training courses on Motion Graphics (2D) with Adobe After Effects.

You have made the right choice. Orange is Nigeria's leading provider of 3D animation, motion graphics, training and visual effects services. As our student you will enjoy the benefits of learning from seasoned professionals with lots of experience. We employ a practical hands-on approach to learning.

We strive to promote and support student development and organizational effectiveness by providing high-quality educational training. Our courses are practical and designed to meet individual, group or departmental, and institutional needs and objectives. We work hard to enhance individual learning and development as the means for creating a better workplace environment and for building a stronger industry in West Africa.

Once again thank you for choosing Orange Seed. We hope you have an awesome learning experience.

Best regards,

Richard EO

ABOUT

MOTION GRAPHICS COURSE

Create Motion Graphics and basic Visual Effects in 4 weeks

Adobe After Effects is a powerful software tool for visual effects and motion graphics. You can use After Effects' tools to create dynamic designs for broadcast, web, DVD and film.

This course will help you master the concepts and features to the program. It includes many advanced features, including tips and tricks using the latest version.

Who is this course designed for?

This class is appropriate for beginner users of After Effects or for those working or wishing to work in the video field, or for Adobe users wishing to expand their skills in video effects. This class covers the core concepts and skills necessary to excel in motion graphics animation and visual effects, as well as advanced approaches and techniques.

After taking this class students will be able to create visual effects for use in web video and podcasts, broadcast television, and even film. If you are a graphic professional who wants to go into motion design, this course is also for you!

Duration

3 weeks

4 weeks + free 30-day mentorship

Price

N120,000

N100,000

Days

Mondays to Fridays

Time

Weekdays: 9am-12pm, 1pm-4pm
Saturdays only: 10am-3pm

Study Mode

Full Time

Software

Adobe After Effects

System Requirements

Students should bring their laptops which should meet or exceed the following hardware configurations.

- Windows® 10, Windows® 8 or Windows® 7,
- 32-bit/64-bit Intel or AMD multi-core processor
- 4 GB of RAM minimum (8 GB recommended)
- 16 GB of free disk space for installation
- Qualified hardware-accelerated OpenGL® graphics card
- 3-button mouse

General Requirements

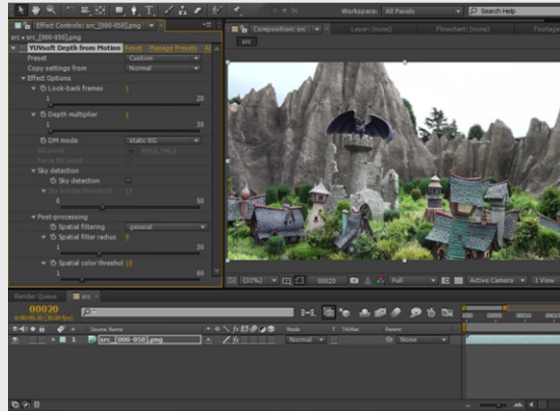

Basic knowledge of the Windows/Mac operating system.

Will I get a certificate after training?

Students will qualify for a certificate of training only if they pass the assessment at the end of the training course. Final score is based on attendance (10%), tests (30%) and a final examination (60%) based on a standard grading system.

Course Outline

This course is a great start for students who are new to Adobe Premiere Pro or transitioning from different editing packages . We adopt a simple production-based training methodology and our students gain valuable inside knowledge from our years of hands-on experience in video production.

01

INTRODUCTION TO AFTER EFFECTS WORKFLOW

- Creating a project and importing footage
- Creating a composition and arranging layers
- Adding effects and modifying layer properties
- Animating the composition
- Previewing your work
- Optimizing performance in After Effects
- Rendering and exporting your composition

- Getting started
 - Using motion stabilization
 - Using single-point motion tracking
 - Using multipoint tracking
 - Creating a particle system
 - Creating Time warp
-

Course Outline

09

RENDERING AND OUTPUTTING

- Getting Started
 - Creating templates for the rendering process
 - Creating templates for output modules
 - Exporting to different output media
 - Color Management
-

10

FINAL PROJECT ASSESSMENT AND EXAMINATION

Sample Student Work

World of Global Warming

I chose to come to here primarily because of the quality of their animation. As one of the leading animation schools in Nigeria, it was an obvious choice.

Mubarak, Motion Graphics Graduate 2016

The Sound Live

My opportunities to learn here made a lot of difference between getting what I wanted and having to settle for second best.

Michael, Motion Graphics Graduate 2017

Unique Ideas

The skills I have gained through my training have equipped me to accomplish my personal goals. Upon graduation, I plan to work on big projects in future.

Henry, Motion Graphics Graduate 2016
