Welcome to our World

Orange VFX is Nigeria's leading animation company providing 3D animation, motion graphics, visual effects and training services to the digital media industry.

Vision

We aim to be the foremost animation studio in Nigeria and Africa.

Mission

To consistently provide inspiring and amazing computer graphic (CG) animation services in West Africa;

To lead the delivery of superior and wholesome animation content for the Nigerian family.

To work with the highest professional standards and ethics while delivering maximum value to our clients.

CEO'S MESSAGE

Orange VFX Studios produces not just high-end animation and VFX services for most digital platforms but is branding itself as Nigeria's leading developer of 3D animated content. We are proud to have launched Nigeria's first viral 3D animation video titled "Eee don show" featuring Ovie, Wale and Chichi. Since the debut in 2013 we have licensed all three characters. Our goal is to make family oriented content that promote our rich and diverse cultural heritage. Plans are underway to develop more animated short stories and interactive designs.

The proper positioning of any business drives clarity, ensuring everyone in the company moves in the same direction, which invariably allows for more new business opportunities. Hence Orange VFX Studios plans to relocate to a bigger office to accommodate more talented people. We are so delighted to help create animated campaign for our clients to push their brands while keeping in perspective our strong desire to establish an indisputable presence in the animation sector in Nigeria and Africa at large. We love what we do and are looking forward to wonderful times ahead.
