Active Discord network for collaboration

THREE-TIER CERTIFICATION

Progress from beginner to job-ready
professional

CERTIFICATION TIERS

CERTIFICATE OF PARTICIPATION

- Basic classroom training only; no mentorship, no project, no assessment, no showreel/portfolio
- 2 weeks+
- Proof of participation; shows basic skills
- Cost is Free
- Limited potential for placement and referral
- No Additional Perks

CERTIFICATE OF COMPLETION

- **Requirements:** Completed mentorship, projects, showreel/portfolio, pass final assessment for the course
- **Duration:** 2 months+
- Demonstrates high skill in course; eligible for project recommendations
- **Cost:** ₦10,000 (\$10)
- Moderate potential for placement and referral; showcased on portal
- Featured on student portal for jobs & student films

CERTIFICATION TIERS

DIPLOMA

- **Requirements:** Completed all module courses, projects, showreel/portfolio, passed all assessments in the module
- **Duration:** 4 - 6 months+
- **Benefits:** Highest qualification; eligible for directpaid Trainee roles; 80%+ placement chance at Orange VFX or partners
- **Cost:** ₦20,000 (\$20)
- **Placement/Referral Potential:** Highest; strong recommendation & placement rate
- **Additional Perks:** Graduation ceremony; featured on student portal for jobs & student films

SEED 3.0 TRAINING PROCESS

1

REGISTER

- Free consultation
- Goal setting
- Course selection
- Single email registration for all communications

2

TRAIN

- Orientation
- Foundational skills
- Hands-on projects
- Regular progress updates via email

3

MENTORSHIP

- Discord-based guidance
- Weekly feedback sessions
- Real-time screen sharing
- Industry workflow and best practices

4

ASSESSMENT

- Skills verification
- Project evaluation
- Final examination
- Portfolio review

5

GRADUATE

- Industry-ready portfolio
- Advanced certification
- Student film experience
- Alumni network access and career support

DIPLOMA PROGRAMMES & CAREER TRACKS

Here are the career tracks offered at Orange Seed Academy
grouped by areas of specialisation

3D ANIMATION & VISUAL EFFECTS

3D ANIMATOR

Bring characters and scenes
to life through movement

VFX GENERALIST

Bring characters and scenes
to life through movement

COMPOSITOR

Seamlessly blend CGI
with live-action footage

MODELING & DIGITAL ART

3D MODELLER

Build assets for games,
films, and VR

DIGITAL SCULPTOR

Craft high-detail 3D models

ARCH VIS ARTIST

Design immersive 3D
architectural renders

MOTION DESIGN & GRAPHICS

MOTION DESIGNER/2D ANIMATOR

Animate graphics for ads and
branding

Create visual content for
media

FILM & MEDIA PRODUCTION

CINEMATOGRAPHER/VIDEO EDITOR

Shape visual storytelling through
camera work

PHOTOGRAPHER

Capture and edit professional
imagery

GAME DEVELOPMENT

GAME DEVELOPER

Design and code interactive
games

FOUNDATION COURSE

3D ANIMATION JUMPSTART

Beginner-friendly Maya/Blender fundamentals serves as the entry point for newbies in all 3D, Game and VFX tracks, covering essential skills before specialization.

WHAT ALL TRACKS OFFER

PROGRESSIVE SKILL DEVELOPMENT

From foundational to advanced techniques

INDUSTRY-STANDARD TRAINING

delivers studio-aligned project-based training, personalized mentorship from professionals, and real-client portfolio development.

CAREER PATHWAYS

Receive a diploma certification, gain direct hiring opportunities with OrangeVFX and partners, and benefit from an 80%+ placement rate.

SUPPORT SYSTEM

Vibrant Discord community for networking with alumni support and job referrals

COURSE OVERVIEW

RIG A 3D CHARACTER'S BODY AND FACE IN 2 WEEKS!

Ever marvelled at the incredibly lifelike characters in animated films or the intricate designs in your favourite video games? The magic behind these creations results from 3D character rigging, a key component in digital animation. Orange VFX is excited to introduce our foundation course on 3D Character Rigging using Advanced Skeleton. Whether you're a budding animator, a passionate gamer, or an innovative creator eager to delve into the dynamic realm of 3D character animation, this course is crafted for you.

Our course goes beyond simply teaching the technicalities of 3D character rigging. It immerses you in the art of animating, helping you understand the subtleties of character movement. Leveraging Advanced Skeleton, an industry leading tool, our experienced instructors will guide you through infusing realism and emotion into your digital creations in Maya.

DURATION

2 weeks + free 30-day mentorship

SCHEDULE

Weekdays (9am–12pm)/Saturdays (10am–3pm)

MODE

Physical or Online

COURSE OUTLINE

1 INTRODUCTION TO 3D CHARACTER RIGGING

- Overview of 3D character rigging
- Importance and applications of character rigging in animation
- Introduction to Advanced Skeleton and its role in character rigging

2 GETTING STARTED WITH ADVANCED SKELETON

- Installation and setup of Advanced Skeleton
- Understanding the Advanced Skeleton interface
- Basic tools and features of Advanced Skeleton

3 UNDERSTANDING THE BASICS OF SKELETON DESIGN

- Principles of skeleton design for 3D characters
- Creating a basic skeleton using Advanced Skeleton
- Understanding joints and their role in character movement

4 ADVANCED SKELETON RIGGING TECHNIQUES

- Rigging a character's body for realistic movement
- Rigging a character's face for expressive animations
- Using physics-based anatomy for believable deformation

5 SKINNING AND DEFORMATIONS

- Understanding the concept of skinning in 3D character rigging
- Techniques for effective skinning using Advanced Skeleton
- Creating realistic deformations for character movement

6 MECHANICAL RIGGING AND TOOL CREATION

- Introduction to mechanical rigging for non-organic objects
- Creating custom tools for specific rigging tasks

7 ANIMATION UI AND PIPELINE IMPROVEMENT

- Understanding the animation UI in Advanced Skeleton
- Techniques for improving the rigging pipeline for efficiency

8 PRACTICAL APPLICATION AND PROJECT WORK

- Applying learned skills to rig a character from scratch
- Rigging characters for specific animation scenarios
- Final project assessment and feedback

SOFTWARE & TOOLS

REQUIRED SOFTWARE

- Autodesk Maya.
- **Discord:** (mentorship & community)

SYSTEM REQUIREMENTS

Students should bring their laptops, which should meet or exceed the following hardware configurations:

- Windows® 11, Windows® 10, or macOS 10.14+
- 64-bit Intel or AMD multi-core processor
- Minimum 8 GB of RAM (16 GB or higher recommended)
- 16 GB of free disk space for installation
- Qualified hardware-accelerated
- OpenGL® graphics card
- Dedicated 3-button optical mouse

GENERAL REQUIREMENTS

- Basic knowledge of the Windows/Mac operating system is required.
- Commitment to learning, positive and creative mindset
- Reliable internet (for online students and mentorship)

LEARNING MODES & FORMATS

PHYSICAL CLASSES

- Traditional classroom setting
- Direct interaction with instructors
- Access to campus facilities
- Peer collaboration opportunities

ONLINE LEARNING (LIVE)

- Join physical classes virtually
- Real-time feedback
- Discord-based community
- Screen sharing capabilities

BESPOKE TRAINING

- Self-paced learning
- Customized curriculum
- Flexible scheduling
- Additional mentorship options
- Additional fees apply based on requirements

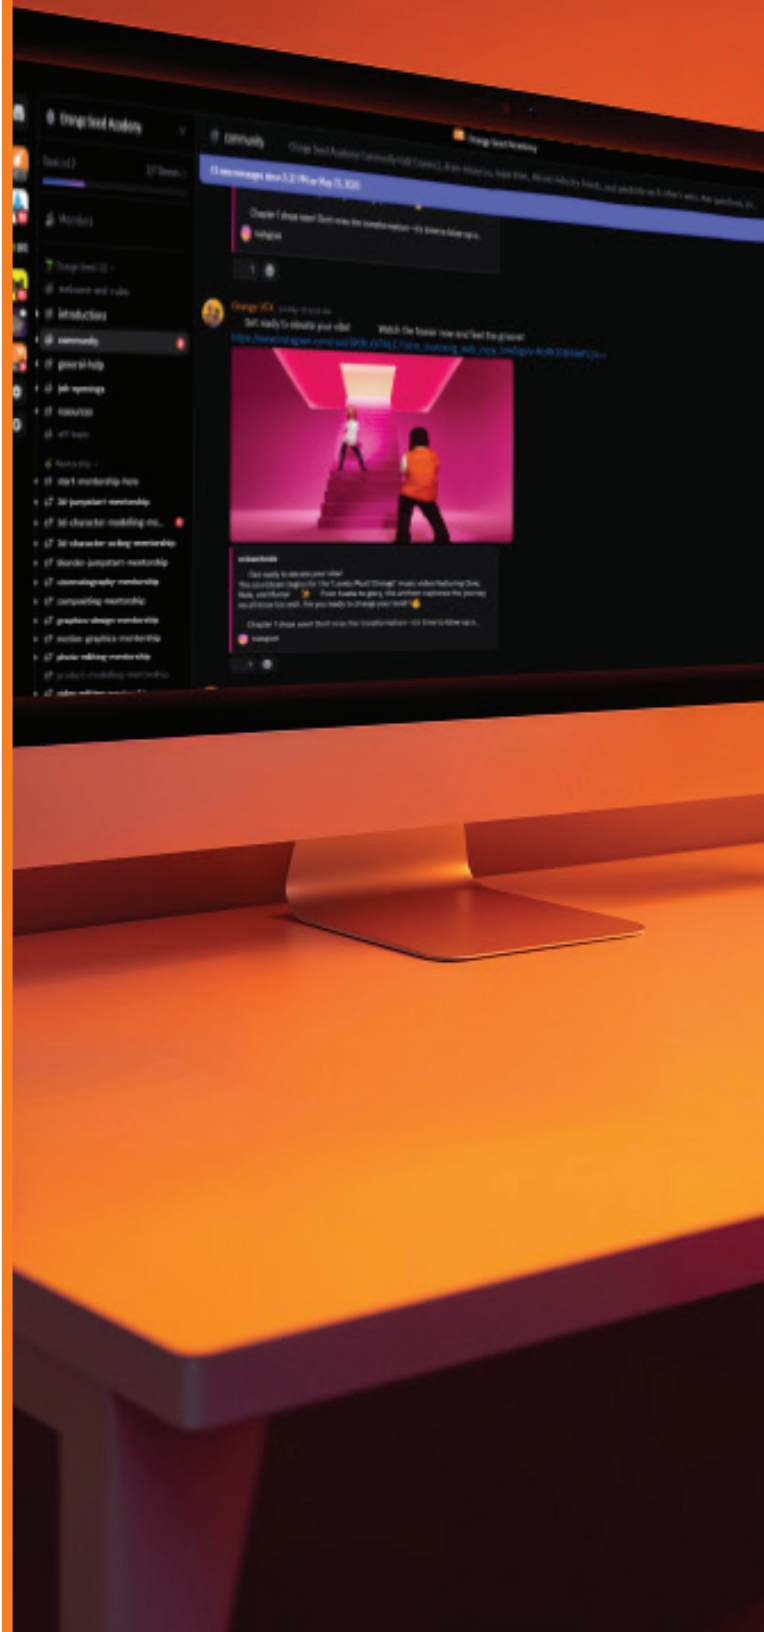

MENTORSHIP & DISCORD COMMUNITY

PROGRAM FEATURES

- Weekly one-hour dedicated feedback sessions
- 10+ real-world project examples
- Discord-based communication
- Screen sharing for real-time guidance
- Daily practice requirements (3 hours minimum)

MENTORSHIP GOALS

- Portfolio development
- Industry workflow mastery
- Soft skills enhancement
- Network building
- Career preparation

STUDENT RESOURCES & SUPPORT

LEARNING RESOURCES

- Industry-standard software access
- Project templates and guides
- Online learning materials
- Technical support

COMMUNICATION & UPDATES

- Automated email notification system
- Progress tracking
- Feedback forms
- Accommodation assistance
- Discord community access

FACILITIES & TOOLS

- Computer labs (for physical classes)
- Software access
- Project management tools
- Version control systems

CAREER SUPPORT & ALUMNI NETWORK

CAREER SERVICES

- Portfolio development
- Job placement assistance
- Industry networking events
- Interview preparation

ALUMNI NETWORK BENEFITS

- Discord-based community
- Job opportunity notifications
- Student film collaborations
- Industry event updates
- Festival information
- Continuous learning resources

UPCOMING FEATURES

- Online job portal (in development)
- Enhanced alumni tracking system
- Expanded partner network

A dark, textured background, possibly a book cover or folder, with a yellow label that reads "job search". The label is tilted and has a slight shadow, giving it a three-dimensional appearance. The background is a deep charcoal or black with a fine, grainy texture.
